

EARN IT. KEEP IT. SAVE IT!

with the Earned Income Tax Credit

Keep what you earn. EITC - Earned Income Tax Credit

The EITC is a refundable federal tax credit for eligible working families. Families may receive money back even if they do not owe taxes, although a return must be filed. Even if you have missed out in the past, you can go back 3 years and claim your EITC.

- Returns can be direct deposited in your bank account at no cost or used to purchase U.S. savings bonds
- Keep all of your refund by avoiding costly Refund Anticipation Loans

Are You Eligible?

If your annual earned income does not exceed \$53,000 you may qualify for the Earned Income Tax Credit. There are other tax credits you may also qualify to receive. Please check with your local free tax prep site to see what credits are available to you.
